REFERRAL CREDITS

Referral credits are easy.

Refer your business neighbor or associate that you think could benefit from our web design, search engine optimization, graphics or photos services.

Each referral that you provide that results in a new client will be credited to your account or paid by check according to the figures to the left.

For each contracted referral, you will be credited as an example: if you refer two prospects that contract our service, one client has a \$1,700.00 site built and another prospect signs up for our hosting service at \$24.00 per month, then you will be credited \$188 for the first referral and \$50 for the second referral.
