

THE TEAM THAT ASSISTS OUR WEBSITE CUSTOMERS

Support, Research, Legal and Correspondence

CONTACT BARBIE BY EMAIL Barbie keeps track of articles and news that might benefit our clients or our market. She is also responsible for the mail scheduling pick-ups and deliveries and checking our web construction on MAC. Barbie enjoys helping.

Originally from Atlanta, she moved to Charlotte earlier in her career. She's a big Wake Forest and Georgia fan.

CONTACT SHARON BY EMAIL Sharon enjoys dealing with anything unpleasant. Google compliance and filing copy right complaints is also a necessary job in the internet world to protect our clients.

She actually enjoys sending out those late notices that we know all of you enjoy!

Sharon is originally from Florida and moved to Atlanta in 2005.

Data Base Development & Software Development

CONTACT JASON BY EMAIL Jason's background is in ASP data base development. He received a BBA with a Major in Management of Information Systems from UNCC. He has also earned Microsoft Certifications in Certified Professional (MCP), Certified Solution Developer (MCSD), Certified Professional +Site Building (MCP+SB).

Jason brings corporate structure to balance Suzannes' over creative side. Jason provides concise easy solutions to solve data capturing on web-sites & delivering this data in a simple use formats. Jason created & collaborated with Suzanne the concept of Web Consulting Services being the "Umbrella" for iconstructwebs & Carolina Property Search, our service for providing real estate data through the IDX for the MLS.

CONTACT DAN BY EMAIL Since 1988, Dan's background has been in the financial industry. He excels in electrical engineering and computer science engineering with EE & CG Degrees. Dan writes financial and problem solving software used on websites. His expertise creates wire transfers, credit score scanning and asset based lending programs.

Dan also writes software for major industries in North Carolina and is a recent addition to our team. Dan creates the technology for the admin demonstration seen in several places on this site and the expertise to custom write software for your business to track costs, improve profits, intercept outgoing employee email or police bad employee behavior.

Web Site Design, Search Engine Optimization, Graphic Design and Creator of iconstructwebs

CONTACT SUZANNE BY EMAIL OR DIRECT AT 704-377-8722 Suzanne organized iconstructwebs & has pulled together a team of talent into Web Consulting Services who have a vested interest in the service of our clients. Suzanne majored in graphic design at the Lamar Dodd School of Art & journalism at The Grady School of Journalism; both at the University of Georgia. Suzanne has solid advertising sales & marketing experience in Atlanta & Charlotte.

Frustrated after 15 years employment in corporate advertising, Suzanne wanted a career that allowed more interest in customers & made the decision in 2000 to study computer technology for two years & venture out on her own.

Sales Development
